

Create a Video Podcast

Due: February 27, 2012

Assignment:

Using Garage Band create three minute podcast that utilizes both your own vocals; instrumentation from the pre-made Garage Band riffs – or your own original music; and pictures.

*The creation must reflect original thought and work in the way these elements are combined.

*The podcast must be approximately three minutes in length. The focus of the podcast will be on vocal clarity with the music/sound elements adding to it in a meaningful way.

*If you use copyrighted materials they must be attributed in your Works Cited.

*The artwork used must be relevant to the audio portion of the podcast with a minimum of 30 pictures highlighting the podcast vocals.

*This project will be posted on your blog and presented in class as well. So – make it good.

* You may work in pairs or by yourself for this project.

Grading:

45 Points – Appropriate Content using all three elements (Visual; Narration; Music)

30 Points – Creativity and Attention to Detail!

10 Points – Posted to Blog.

15 Points Presented to Class.
