Your goal is to produce an entertaining, well-produced video.

You are encouraged to use i-movie special effects, such as green screen/picture in picture/video effects.

Use an effective combination of still photos or video. If using clips from YouTube, download the Firefox add-on:

<https://addons.mozilla.org/en-us/firefox/addon/easy-youtube-video-downl-10137>

Your Video Must:

1. Contain a combination of: transitions between clips, special video effects, and music.

2. Audile dialog, tight editing, and a clearly defined Project.
3. Be 'Grace appropriate.'
4. Be 'creative and original.'

After project completion, the project must be exported in a format (Mp4) that is compatible with You Tube.

Grading:

Originality	20
Scripting	30
Production Values (Quality of Sound and Video)	20
Usage of i-move 09 Features	20
Grace Appropriateness	10
